

TO DO LIST

BEFORE YOUR COUNTERTOP **INSTALLATION**

*PLEASE REFER TO TEMPLATE CHECKLIST AS WELL**

1

A homeowner or designated representative must be present during the installation process. This person must be authorized to approve all work completed. {Unless otherwise discussed with MTS team.}

2

Customer must ensure there is sufficient space through doors or openings that the countertop can fit through. All pathways must be clear from obstructions. Countertops are heavy and require a clear and safe path to maneuver through. Homeowner must secure all pets prior to installation appointment

3

Ranges and refrigerators should be moved from cabinets to allow installer free access to all countertop edges. It is the homeowners responsibility to do such.

4

Prior to installation, customer must cover anything they want to protect. The installation process may result in some dust.

5

The Master's Touch Stoneworks is NOT RESPONSIBLE for installation of large corbels, electrical, or **plumbing** work. We will NOT reconnect any water, gas, or electrical fixtures.

Failure to meet template and installation requirements may result in addition labor and trip charges, as well as installation date delay.
